

Good Friday Engagement Guide

Our hope is that you can use this guide as a tool to better engage in the events and message of Good Friday. You are encouraged to make it your own!

PREPARATION

During the Good Friday service we will be taking communion together. You can either pick up pre-packaged communion cups/wafers at Passion for your gathering or you can use whatever you have in your home (juice, crackers, etc).

Invite family and friends over to join in the Good Friday experience with you.

Decide where you're going to watch the service and arrange your viewing space in the way that best helps you stay engaged and focused during the service.

Check out the Good Friday playlist we've made for you on Spotify (passioncommunitychurch.org/goodfriday-music) and use it for background music before and after the online service.

PRE-SERVICE

Read: Mark 14:17-15:39

Split up this passage in different sections and ask more than one person to read

Ask:

When was the first time you heard/understood what happened on Good Friday?
What were your thoughts?

DURING THE SERVICE

Tune in to the service on our Facebook or YouTube page.

Turn up the volume and sing out loud! Stand up, sit down, do whatever you need to do to immerse yourself in the story of Good Friday.

Provide space for reflection and meditation.

AFTER THE SERVICE

Ask:

What things have you found yourself trading for instead of intimacy with the Lord?

Pray:

Pray for each other that you would grow in intimacy with the Holy Spirit and learn to walk closely with your Father in Heaven.
